

September 19, 2017

I would like to extend an invitation to you and your student to attend Wood Memorial High School's College and Career Fair on Thursday, October 5, 2017. As your student is preparing to make the transition from high school to the next phase Wood Memorial wants to make sure he or she has been exposed to as many post-secondary and career options as possible. As part of the College Fair event a representative from INvest Ed will be providing a Financial Aid Workshop. Also, a representative from Marian University will be making a presentation on how to approach the college search.

Senior parents will be able to take advantage of this information to get a jump start on completing the Free Application for Federal Student Aid (FAFSA), which opens on October 1<sup>st</sup> this year. Students will also be able to find out what questions to ask on college visits, how to select a college or university that is a good fit, and how to navigate the college application process. Junior parents and students will be able to take advantage of exploring options early as well as getting prepared to get a jump start on the process.

Several representatives from various colleges/universities/organizations will be available to speak with you and your student.

If you have questions about this event or would like more information please do not hesitate to contact me. I look forward to seeing you at the event!
